One feature of the game is a user-friendly system of recipes for crafting. The recipes are organized and easily accessible. Explore a random generated world populated by dangerous creatures, build a dwarf fortress, gather resources, and craft all the items, weapons, and armor you need. You can craft dozens of different items: building blocks for houses, furniture, decorations, weapons, armor, ammunition, and food for your dwarves. You start the game with one dwarf and gain additional dwarves as your experience level increases.
